Sani-Tuff® cutting boards are made from a high density rubber compound that won't crack, splinter, swell, or absorb liquids or odors, and lasts far longer than cutting boards made from wood or plastic. Sani-Tuff® cutting boards are National Sanitation Foundation (NSF) tested and certified. The rubber compound used for these cutting boards has a high degree of resiliency preserving knife edges longer. Available in a variety of sizes and thicknesses, Sani-Tuff® cutting boards can be resurfaced by sanding the board as needed.

Sizes:

- Overall thicknesses: 1/2", 3/4", 1", 2"
- Stock Sizes: (1/2" thick) – 6" x 8", 8" x 8", 12" x 18", 15" x 20", 18" x 24", 48" x 72"
(3/4" thick) – 12" x 18", 15" x 20", 18" x 24", 48" x 72"
(1" thick) - 12" x 18", 15" x 20", 18" x 24", 48" x 72"
(2" thick) – 48" x 72"
- Stock Sizes: (1" Round) – 12", 14", 16"
