

Decorative insect control

Developed as a highly effective but discreet solution for insect control, Luralite is ideal for use in restaurants, bars, cafes and other front of house applications. Luralite is available in two sizes with the compact Luralite 2000 available in four colours whilst the Luralite Professional offers a higher light output and a larger glueboard for increased efficacy. Both styles are easy to service and are designed for use with genuine GLUPAC™ pheromone impregnated glueboards, which incorporate UV stable dry glue for longer life and an increased catch.

Luralite 2000
