

# Mul-T-Mat introduces Weldsafe®

## The Anti-Fatigue mat for welding areas!

- Designed specifically for use in welding areas.
- Expertly repels sparks and hot metal shards.
- Offers extra durability in heavy use situations.
- Has a high melt point of 500° F
- Offers unparalleled support and comfort during long, strenuous shifts.
- Out-performs traditional anti-fatigue matting in spot-welding applications.

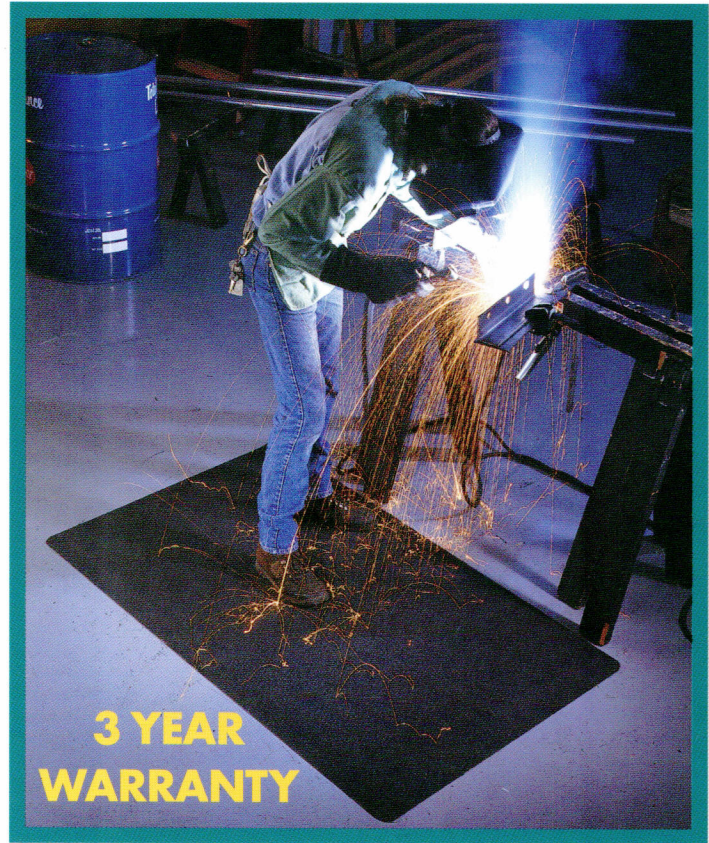

### UltraSoft

### Standard

WeldSafe offers extra durability in heavy use situations and has a higher melt point of over 500 Degrees Fahrenheit. Now available in a UltraSoft version that has a double thick 7/8" Nitricell sponge base. Surface: Rugged rubber w/pebbled texture
